

FEDERAL GRANT PROGRAMS

VISIONLINK Community Operating System™

CommunityOS®

The only multi-agency, multi-program, multi-event platform for coordinating core operational activities following a disaster, emergency, or public health crisis.

This platform is built for direct collaboration with the voluntary and private sectors, and with governmental agencies.

Our suite of operational tools includes Shelter Management, Donations Management, Volunteer Coordination, Community Services, Crisis Call Center Operations, Workforce Management, and Disaster Case Management.

Proven Expertise

For more than three decades Visionlink has powered the leading disaster relief organizations. Expert, experienced staff, hundreds of relief operations, the most advanced and comprehensive solution in the market.

The screenshot displays a web application interface with a navigation bar at the top containing tabs for 'Tenant Assessment', 'Household', 'Landlord/Property Manager', 'Attestations', and 'Staff Entry' (which is highlighted in green). The main content area is divided into two columns. The left column contains a 'Benefit Determination' section with a 'County Specific Case Number' field, followed by a 'Rent / Mortgage Information' section with a sub-section 'Both Rent and Mortgage'. This section includes three questions: 'What months of Rent/Mortgage do you currently owe?' with a dropdown menu, 'What is your monthly Rent/Mortgage payment?' with a text input field, and 'What is the total amount of rent/mortgage that you currently owe - including late fees?' with a text input field. Below this is a 'Rent Information' section. The right column contains a 'Benefit Determination' section with an 'Assigned Case Manager' field, followed by a 'Utility Information' section with a sub-section 'Utility Information'. This section includes four fields: 'Name on Utility Bill 1', 'Utility Account Number 1', 'Utility Provider 1 Amount Owed', and 'Utility Provider 1 Billing Address Address 1' with a 'Enter a location' button. A small copyright notice '© Street addresses: P.O. Box' is visible at the bottom right of the form area.

Proven & Configurable

The availability of federal dollars for public health crises or emergency management requires a data management solution with community facing data entry and messaging, includes all of the client consent and analytics tools you would expect.

Examples? We've built dedicated solutions for CARES Act programs, eviction prevention and many other grant-funded programs.

Our financial assistance tools have been used to distribute more than \$1.5 billion to date, with comprehensive auditing and logs.

Our professional services staff can design your solution, or with our no-code Administrative Suite, you can build your own.
