WHOLE COMMUNITY

## VISIONLINK Community Operating System™

CommunityOS®

The only multi-agency, multi-program, multi-event platform for coordinating core operational activities following a disaster, emergency, or public health crisis.

This platform is built for direct collaboration with the voluntary and private sectors, and with governmental agencies.

Our suite of operational tools includes Shelter Management, Donations Management, Volunteer Coordination, Community Services, Crisis Call Center Operations, Workforce Management, and Disaster Case Management.

Proven Expertise

For more than three decades Visionlink has powered the leading disaster relief organizations. Expert, experienced staff, hundreds of relief operations, the most advanced and comprehensive solution in the market.

Comprehensive Platform

CommunityOS is the only comprehensive platform built to solve inter-agency coordination challenges at scale—it is designed to be a "whole community" solution. While your county and state agency has internal tools designed for Emergency Management professionals, CommunityOS opens up the tools for your entire community.
